### ABOUT US

Compass Family Care is a non-medical home care agency that provides premier home care and personal assistance to meet your family needs. If you or someone you love has had a temporary setback or has become unable to live at home without assistance, we are here to help you.

We specialize in helping you Chart a Customized Path to INDEPENDENCE and FREEDOM so that you can ENJOY your life and have FUN with your FAMILY and FRIENDS. Our goal is to help you live as independently as possible in your own home.

Our management team alone has a combined experience of over 100 years working with families in geriatric, family and child care settings. Compass Family Care was founded specifically for the purpose of utilizing that experience to contribute to our community in a positive manner according to our Mission, Vision & Values Statement.

One phone call to our office is all it takes to get you headed down the right path. We will match you up with one of our hand-picked, fully insured and bonded Pathway Partners, all of which have been carefully screened utilizing background checks, drug tests and complete reference checks. The Pathway Partner is then thoroughly trained and is supervised by a licensed and experienced manager who will maintain contact with you at least monthly during the time you or your loved one is our client.

You will participate in customizing your service plan and any necessary changes to that plan will be communicated to you or approved by you in advance when possible. We provide service in increments of one hour to 24 hour live-in help. We also provide Respite services for Primary Caregivers so that they can take a break when caring for a loved one.
