## It's Been Sweet!

---

Houston Woman Magazine was launched in March 2004  
to inform, inspire and connect successful women.  
Over the years, the publication and our team have taken many first steps,  
met many benchmarks and celebrated many milestones.  
But, this birthday – our 16th – is especially sweet!

A big “thank you” to all our dedicated readers!  
We're here because of you.
