HEADLINE - SPR Award in honor of E Mead Johnson Recipient

Subheader - 2018 Award Recipient Applications Now Being Accepted

ABOUT AWARD COPY:
The SPR E. Mead Johnson Award is the most prestigious award conferred by the SPR. Since 1939 the SPR E. Mead Johnson Award has honored outstanding clinical and laboratory pediatric research achievements continuing Johnson’s legacy of advances in infant nutrition, excellence in pediatric research and commitment to child health.

ABOUT E. MEAD JOHNSON COPY
The SPR E. Mead Johnson Award honors the foundational contributions of E. Mead Johnson (1852 - 1934) to the field of infant nutrition and child health research. Inspired by Theodore, his first-born son who suffered from a congenital heart defect and life-threatening nutrition complications, E. Mead Johnson pioneered groundbreaking research in infant nutrition.

More information and access to the application can be found here (add new link when it comes)

We encourage you to nominate pediatric researchers with outstanding scientific accomplishments that extend the legacy of E. Mead Johnson. Investigators may be nominated by any scientific colleague including, but not restricted to, members of the Pediatric Academic Societies and chairs of pediatric departments. The nomination and selection process is directed exclusively by the Society for Pediatric Research. Award winners will be under no obligation, real or implied to Mead Johnson Nutrition.
